

HOW MUCH IS AN EMPLOYEE'S LIFE WORTH?

More Than a Cup of Coffee Per Day

Do you buy a coffee, tea or other beverage throughout your workday?

The Loner Complete program delivers everything needed to deploy leading safety monitoring technology for **roughly the cost of a daily cup of coffee per employee.**

The Loner Complete program is affordable and provides everything an organization requires for effective employee safety monitoring—equipment, service, consulting, live 24/7 safety monitoring, employee training and full warranty throughout a 36-month lease term.

If your organization does not yet have a safety monitoring solution or process in place, you may think you are saving money. But if you are not monitoring lone workers' safety, they are at constant risk—and your business is at risk for hefty fines, increased insurance payments and the prospect of not having done everything in your power to prevent a tragedy in the workplace.

You are responsible for the safety budget for your organization—and, you know that every employee's life is worth more than a coffee per day.

Implementing a safety monitoring solution has never been easier, more comprehensive or cost-effective.

Want to learn more about how we can support the safety of your most valuable assets—your lone worker employees? **Contact us today for a free consultation and work-alone safety assessment.**
